

Established in the 1980's, The Goldmarket is a long-standing, well-respected and highly reputed member of the jewellery community. Our family run business, situated on the High Street in Weston-super-Mare not only holds a vast stock of new, pre-owned, vintage and antique jewellery, but also has its own workshop on the premises, enabling us to offer a range of bespoke services and one-to-one attention. Our specialist workshop facility and knowledgeable team are dedicated to working closely with our customers and their requirements. We pride ourselves on being able to advise on, repair and transform jewellery and watches of all kinds.

We are proud to run our business on three core values.

PASSIONATE

The outstanding choice of new, pre-owned and antique jewellery and high calibre watches that we offer for sale is testament to how seriously we take our mission to provide you with exactly what you're looking for. From the outset, we want you to have confidence in us, knowing that the time, interest and attention to detail we put into all of our work at The Goldmarket will yield nothing less than a stunning final result. If you can't find exactly what you're looking for in-store, our devotion to an exceptional level of service means we'll simply source or create it for you.

PERSONAL

At The Goldmarket, we believe that jewellery is extremely personal and also that exceptional service is central to a great customer experience. This is why we choose to limit what we sell online – we want to meet you personally, talk to you and make sure you get exactly what you need. We strongly believe that jewellery needs to be seen, felt and tried on to establish if it works for each particular customer.

We have years of experience both retailing and producing beautifully crafted pieces of jewellery, designed and made according to your specifications. You can take a look at the vast selection of fine jewels we have on show and talk to our team at length, to help you choose exactly what you want within your preferred budget. Nothing is too much trouble and our extremely friendly and knowledgeable team will take pleasure in guiding you through the process enjoyably and effortlessly. They are always on hand to provide advice and support before, during and after the purchase, and not to mention our additional insurance valuation and full repairs services, with many jobs being completed on the day and most within the hour.

PROFESSIONAL

With over 100 years of industry experience between us, our dedicated team includes an on-site BHI certified watch technician, as well as four highly qualified jewellers led by our Master Jeweller, who personally oversees all bespoke orders for our Concierge Service clients. Here at The Goldmarket, we are proud to be known best for our knowledge, high quality, excellent customer service and our unrivalled range of stock. As we understand the pressure that often comes with finding the perfect piece of jewellery, we recognise the challenge often requires patience and expertise, two qualities our team have in abundance. So please don't hesitate to get in touch so we can guide you on the rewarding journey of finding the perfect piece.
