

29-31 Meadow St - 01934 614604

The award winning Outdoor & Travel specialists

Outdoors & Active was started in 2006 by Paul Batts to fill a gap locally for good quality outdoor gear. It soon became apparent that there was also a lack of choice in the outdoor market. Most outdoor stores only keeping a lot of the same things.

They also believe in good old customer service, where possible they will always aim to be as helpful and informative as possible. Too many times in the past customers have gone into outdoor stores to ask a question, only to be greeted with poor service or a blank look ! Being an independent store also allows them to be very flexible with their suppliers, so if you see something that they make but cannot get it, as long as it is in stock with the supplier they will gladly get it for you.

They have now supplied equipment for trips all over the world, Everest, Kilimanjaro, Mont blanc, Ben Nevis, Snowdon, Scafell and many more !

In 2018 they were in the final of Britains best small shop, they were the only outdoor store and the only shop from Somerset to make the final 25 at the House of Commons. Also in 2018 they were voted Best UK Independent Outdoor retailer by Outdoornews.biz. Then in 2019 they were joint winners in the Weston business awards for Independent retailer.

As well as outdoor and travel equipment they are the Official Scout shop for North Somerset and also the local Cadet shop. There is also a large selection of equipment for Airsoft and Bushcraft activities. They are also the only shop locally selling equipment approved for The Duke of Edinburgh award and the Ten Tors challenge.

Whatever you are looking for to enjoy the outdoors or travel the world they look forward to helping you. All the staff have travelled all over the world and have lots of great advice to give.
